

Michigan District WIKI Project May 21, 2009 Ann Arbor

You are invited to send a sixth through eighth grade teacher to a workshop featuring Wendy Greve from Our Savior Lutheran in Lansing. Wendy will be discussing the merits of writing cooperatively with another Lutheran School using the WIKI format. Wendy has done this with Dave Black's Lutheran School in Colorado and with St. Lorenz in Frankenmuth. This format could work for Science, Social Studies, English, Literature or other possibilities.

Part of the day will be spent organizing this experience so next year participants could work together on writing projects using the Internet.
