

**Good Sense Ministry
Personal Finance Workshop
Reimbursement Form**

The Commission on Ministerial Growth and Support believes it is important to understand and live out the biblical principles concerning money as these principles affect the mental, spiritual, and physical well-being of our church workers. Accordingly, it has set up a grant for congregations who have provided a **Good Sense Personal Finance Workshop**. This grant is designed to support expenses incurred by a congregation regarding a book and meal(s) for each paid staff member who works for a Michigan District congregation.

Please fill out the following information and return it to the District Office within one month of the workshop to receive the monies. If you have any questions, please contact Jennifer Rumberger at the District Office at 888.225.2111 or jennifer.rumberger@michigandistrict.org.
