

GRANT-IN-AID REQUEST SNOWTIRE CONFERENCE 2018

Grant in Aid is meant to assist congregations in a time of need. It is not meant to be used year after year as a conference discount. It is for this reason that the committee has decided that Grant in Aid can only be requested by a particular congregation once every three years. If aid is granted, individuals will be assigned to a double room. Under no circumstances will individuals requesting Grant in Aid be placed in a single room (even if they are willing to pay the difference for a single room). Aid may be requested for 2 workers in the same congregation (i.e. principal and early childhood director) providing that aid has not been granted within the past 3 years. If you have questions regarding this policy, please contact Travis Grulke: 888.225.2111

Administrator: _____ Date: _____

City: _____ School: _____
